

Permission to contact previous learning provider

Dear Families,

The partnership between home and school is important to us here at Mountain Creek State School. We understand that children may begin Prep with a variety of experiences from both home and Early Learning Centres.

Therefore in addition to interviews, we sometimes find it useful to liaise with prior learning providers to maximise the learning opportunities for children at our school.

If you are happy for us to make contact with the previous centres, please complete the details below and/or return it to school on your next visit.

Child's name: _____

Centre attended: _____

Parent signature: _____
